## ANNUAL GLOBAL USER CONFERENCE

Please join us for our Annual User Conference, which is being held at the Hyatt Centric Resort in Park City, Utah on October 6<sup>th</sup> & 7<sup>th</sup>. This is a fantastic opportunity to hear some of the great names in health care speak about how they use our equipment in their very successful practices. It is also a chance to network and meet other practitioners in similar industries, paving the way for collaborations, referrals & lifelong friendships. The 2017 conference will focus on case studies and the clinical protocols used to support them.

### CHIROPRACTOR & BIOENERGETIC MEDICINE

Dr. Jack L. Epter has been a practicing Doctor of Chiropractic and BioEnergetic Medicine for 34 years. In 1970 he earned a Bachelor's degree after attending S.U.N.Y. at Stony Brook and Herbert H Lehman College of C.U.N.Y., and his Doctor of Chiropractic from New York Chiropractic college in 1983. He also is trained and certified in Acupuncture, Advanced BioEnergetic Medicine, Cold Laser, Homeopathy, Nutritional Analysis, and Applied Kinesiology. He has been involved with CEDS from the time of the handmass, test vials, and Honeycomb Test Plate, thru 4 generations of CEDS devices.

He has presented at several Practitioner Conferences, and Webinars, and has trained Practitioners from countries around the world. He is also the Director of Training at IHT for BioScan SRT Technology, and assists in Customer Service and Technical Support. Several case histories will be discussed demonstrating how to incorporate concepts and principles from a variety of clinical specialties, including Naturopathy, Acupuncture, Chiropractic, and Nutrition, in your testing and balancing, to enhance your results. Patient Histories presented include emotions, the gut, immune system issues, the skin, and other health challenges your patients/clients face will be easier to understand and help.

"...he is absolutely the best I have ever been in contact with. He is the only Doctor, whether eastern or western approach that has been able to address and treat the congenital condition I've had for for 52 years in a non surgical way..."
